Champion Meat Market

Should Keep Eyes Open Very Wide

Many citizens are complain-
ing of having failed to see any
notice of the annual meeting of
the Village ratogayers. It is
claimed there was one in the
clerk's office and also one in the
postoffice, where everyone
should see them. Taxpayers
will simply have to get the
habit of looking very carefully
at the different exhibits in the
postoffice and also call at the
clerk's office regularly if they
wish to know what is going on
municipal circles.

Little Bow Bonspiel In Progress

Two rinks skipped by J. D.
Henderson and A. Baker are
representing Champion at the
Little Bow Bonspiel, which was
begun Thursday morning at
Barons. While there are only
nine rinks out of the twelve
eligible in attendance the con-
tests are proving exceptionally
interesting by reports received.

Tennis Meeting February 17th

As there has been consider-
able interest lately in tennis
for the coming season, the
Young People's Society with
the co-operation of all those
interested at a general meeting
to be held in the United Church
Monday Feb. 17th, at which
will be discussed the possibility
of constructing a new court in
the park.

W.I. Hold Regular Meeting

The February meeting of the
Champion W. I. met at the
home of Mrs. Hunt. In spite of
the bad weather twelve mem-
bers and seven guests assem-
bled and after the routine
opening and business had two
delightful piano solos, Miss
Ada Williamson favoring us
with "The Warblers at Eve" and
Miss Flo Gill with "Flossy
Waltz." As the speaker for the
day did not come we had so
much more time to visit. De-
licious refreshments served by
Mesdames Stephenson, Moffatt
and Hunt were much enjoyed.
Collection \$3.10 and one franc.

5000 Facts About Canada

The public will welcome the
1930 edition of "5000 Facts
about Canada" compiled by
Frank Yeigh, the well-known
authority on the Dominion,
past and present. This 80-page
book is a marvel of condensa-
tion and as revealing the
story of our country in a nut
shell—a story that is as stirring
as it is illuminating, and one
that no Canadian can afford to
miss. That it has not only a
national but an Empire and
world-wide circulation is not to
be wondered at. The contents
are comprised in 50 alphabetical
chapters, ranging from "Agriculture" to "Yukon." This issue
contains much new matter and
many new features. Copies
may be had from leading news-
dealers or by sending 35 cents
for a copy, or \$1 for three
copies, to the Canadian Facts
Pub. Co., 688 Huron St., Toron-
to 5.

Local Bonspiel Starts Monday

It has been decided to hold a
second local bonspiel commen-
cing Monday, Feb. 17th, at 1
o'clock, p.m. All those playing
in the last bonspiel will be
drawn in this one unless a
phone message is received to
the contrary from anyone who
is unable to play. Those who
did not curl before are request-
ed to phone F. J. Clapp at their
earliest convenience.

A carnival will be held on
Friday evening, Feb. 21st, when
the final games in the bonspiel
will also be played. The prizes
for this event will be given in
cash.

The bonspiel prizes will be on
display in Joplings' window
during the week.

Admission to the carnival
will be 25 and 50c.

A second local bonspiel will
give everyone in the community
an opportunity to put in an
other week of curling and the
wonderful success achieved in
previous events of the kind
will undoubtedly be repeated
on a larger scale. Weather
conditions are likely to be as
near perfect as possible for this
occasion, and warmer weather
which does not impair the
quality of the ice will permit of
more general enjoyment of the
spiel. The countryside should
register en masse for this event
and make the coming week
memorable in curling circles.

New Industry For Champion

A new industry has been
born here. P. Holm has en-
gineered a machine for sharp-
ening curling stones and the
work he has done excels in
every way anything the curling
club has been able to secure in
this line from the cities.

C.W.L. Will Hold Whist Drive

The Catholic Women's Leag-
ue will hold a whist drive at
the home of Mrs. Louis Path
on Friday evening, February
21st, commencing at 8 o'clock.
Everybody welcome.

Card of Thanks

Mr. and Mrs. Teasdale Sison,
wish to thank their friends for
kindnesses shown and offers of
assistance during the illness of
Mr. Sison, also the B.P.O.E.
Elks for flowers sent, which
were greatly appreciated.

A number of O.E.S. members
attended the Chapter at Vulcan
on Tuesday evening. The same
evening Masons and their wives
were invited to an at home at
Nobleford.

Mrs. John Cook's friends will
regret to hear that she has
been seriously ill in the hospi-
tal at Vancouver ever since
arrival there. Latest news
would indicate she is improving
nicely at present.

In Memoriam

In loving memory of a dear husband
and father,
Thomas Gill, who died Feb. 13th,
1921.

The years are quickly passing.
Though still we can't forget
For in the hearts that loved him,
His memory lingers yet.

NOTES AND COMMENT.

The promise of provincial assistance to the wheat pool qualified with the statement "if necessary" would seem to be another blunder in the way of antagonizing buyers in other countries, where there is already a suspicion that Canada is attempting to extract unduly high prices for her wheat. It must be becoming apparent to the wheat producers that there was something wrong with the calculations which led to extensive holding of wheat for an advance as well as purchase of options by farmers who disposed of their wheat when the prices were favorable. To further prejudice export sales by widely advertised government assistance to the Pool to prevent sales being made at present low prices would seem to be adding to the trouble rather than remedying it. It is little wonder that the charge of playing politics has been made in connection with this matter, and unless the Pool was in dire straits it seems unfortunate that such assurances were made by the provincial authorities of the three provinces.

The change in Conservative and Liberal leaders in this province is not so very surprising, when the small number of their followers is considered. Both were able men but the series of three cornered contests resulting from their activities in the last campaign almost decimated both parties in the legislature. The immediate future was far from promising in the way of either party gaining in strength to any extent in the next election and where personal sacrifices in a business way were being made to lead such forlorn hopes it is little wonder such outstanding men could not be retained.

Extracts From Pool Statement

The Wheat Pool has issued a lengthy statement explaining the present situation in its affairs. After a review of Pool policy in marketing, which it is stated has in no wise been changed this year, the statement says:

"A number of factors have entered to cause the present depression of wheat prices, notably the huge carry-over of last year's wheat, the unbridled dumping of Argentine wheat on the European market, and just recently the unstable financial situation resulting from governmental investigations of the brokerage business in Canada. The Wheat Pool has fortunately been in a position to avoid liquidating its wheat upon an unfavorable market. In order to do this and at the same time pay Pool members for this year's crop on the basis of one dollar for No. 1 Northern we have naturally had to borrow heavily from the banks. The banks have always loaned

on the security of our wheat in store. The basis of these loans requires that the value of our wheat security shall always be 15 per cent greater than the amount of money advanced by the banks. We have always maintained this margin of safety and are doing so today.

There is no reason whatever for Pool members or the public to feel uneasy about our financing. In a statement issued on Wednesday George McIvor, general sales manager for the Canadian Wheat Pools, emphasized the fact that the provincial governments are not guaranteeing the banks advances to the Pool. These advances or loans are already adequately secured by collateral in the form of wheat equal in value to more than 15 per cent over and above the actual borrowings. The governments are guaranteeing only the margin of 15 per cent which we are still maintaining without assistance.

Commenting on Premier Bracken's statement to the effect that the financial responsibility assumed by the provincial governments is almost negligible, Mr. McIvor pointed out that the Pools had paid their members to-date \$1.00 per bushel basis No. 1 Northern, Fort William, and that before the governments would be in any way financially involved, all the Pool's wheat would have to be sold at an average price below \$1.00 basis No. 1 Northern, Fort William, per bushel, which of course there is not the remotest likelihood of happening.

This summary shows that the Wheat Pools are not financially embarrassed in any sense of the word. Our customary margin with the banks is now being maintained, as it has in the (Continued on back page).

CHILDREN TAKE IT AND LIKE IT

WORLD HAPPENINGS BRIEFLY TOLD

During the past six years the foreign population in Paris has increased by more than 200,000, an official report reveals.

In a personal message to Mr. Larkin, the King expressed the sympathy of Queen Mary and himself for the loss of Hon. P. C. Larkin, Canada's high commissioner.

The Austrian Government has established a consulate-general at Ottawa for Canada and Newfoundland, and Dr. Ludwig Kleinschmitt has been appointed to the post.

Farmers in Swedish Lapland have petitioned the government for help against invading reindeer herds belonging to the Nomad Laplanders. In many places the peasants' entire winter supplies of hay and grain have been destroyed.

What is believed to be the first flight from Canada to Mexico City, was made by Flight Lieut. N. Ogilvie-Forbes, of the Royal Canadian Air Force, who landed at the southern capital after a two weeks' flight from Montreal on a light aeroplane.

Raymond Poincaré, former French premier, has returned to Paris from southern France, completely recovered from his recent operation, rested and feeling fit. He has been met by a possible minister of finance in a reorganized Tardieu cabinet.

Great Britain's post office accounts for the past year record a surplus of nine million pounds sterling. The telephone service shows a profit of half a million pounds, while the telegraphs record a deficit of three quarters of a million pounds.

An appeal that the Dominion Government contribute one-third of the excess cost of relief employment, the remaining two-thirds of such excess being met by the provincial and municipal authorities, was made by Mayor Bert Peter, of Toronto, to the Hon. Wm. P. Heenan, Minister of Labor.

A SIMPLE TREATMENT FOR CHILDREN'S COLDS

Cold in the head is very common at this time of the year, especially in the very young. Neglect of a cold is prone to lead to serious consequences. To relieve all congestion of the system in the first step in treating a cold, whether in infants or adults, is for the mother to give Baby's Own Tablets as the ideal means of doing this. Containing no narcotics or other harmful drugs they soothe the child's fretfulness, relieve his suffering and ensure complete convalescence.

Baby's Own Tablets are without an equal for relieving indigestion, constipation and colic. They check diarrhoea, break up colds and simple fevers; promote health-giving sleep and make the dreaded teething period easy. The Tablets are the one medicine that a mother can give her little ones with perfect safety as they are guaranteed to be free from all injurious drugs. They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Game Sanctuary Closed

The Thelen Game Sanctuary, east of Great Slave Lake, consisting of 15,000 square miles, has been closed to both native and white hunters in order to protect the last known herd of Musk oxen, which are said to number around 250, and have their habitat within this area.

"But you are not allowed to ride at night without a light even if the moon is shining."—Karlström, Oslo.

W. N. O. 1824

Recipes For This Week

(By Betty Barclay)

SWEET CROQUETTES

- 1 cup stale cake crumbs.
- 1 cup chopped, blanched almonds or shredded cocoanut.
- Grated rind of ½ lemon.
- ½ tablespoon lemon juice.
- ½ cup orange juice.
- 1 egg yolk.
- 1 egg white.
- Pine cake crumbs.

Mix first four ingredients in saucepan, add orange juice, to moisten, and let stand ten minutes. Heat to boiling point; remove from fire; add egg yolk, and cook, shape as croquettes; dip in egg white, beaten slightly, with one tablespoon cold water; roll in sifted dry bread or cake crumbs, and fry in deep fat. Sprinkle with powdered sugar, and serve with chocolate sauce.

GALANTINE

(Serves 8-10)

- 1 pound round steak.
- 1 pound raw ham.
- 2 eggs.
- 1½ cup bread crumbs.
- 1 teaspoon nutmeg.
- 1 teaspoon pepper.
- 1 teaspoon salt.
- Juice of 1 lemon.

Grated 1 lb. round steak. Put meat through a food chopper. Add eggs well beaten and remaining ingredients. Pack into a well greased pan, cover with buttered paper and steam for four hours. Slice thinly sliced.

(By Anabelle Worthington)

As under the new regulations, this would furnish a one-half yearly license for each of the 10,000 farmers. Upon further investigation, however, the Government has decided at the conclusion that this may not meet the situation, and it is anxious that nothing shall be done that may any way tend to hamper the producer. It would further appear that a number of trucks used in the cities contribute the provincial revenue, and as the city tax as well as the city tax, and do not proceed beyond the boundaries of the city or make any use of the provincial roads. It is felt that some relief should be given to the farmers in that regard and also with regard to the fact that the license is not self-replenishing is granted in any of the other provinces or the status of the Union, as far as the information at hand shows.

Copperhead diagonal lightweight woolen makes this jaunty utility all-day dress so entirely suitable for the immediate wear. The hip waist, neck, and sleeve bands are of plain fawn silk crepe in harmonizing shade. Velvet fails crepe gives suggestive touch at neckline.

Style No. 3238 is designed in sizes 16, 18 years, 36, 38, 40 and 42 inches bust.

It's very French, and a dress that you'll find only in exclusive shops, that with regard to keeping it in the right of the road, speed, etc., particularly with regard to gravel trucks, will be rigorously enforced this year.

New British Drilling. The new British airship, R-100 will not be flown to Canada until the spring. Whether the giant vessel will be kept in its hangar in the meantime is doubtful. The suggestion is being put forward that she should make a comprehensive tour of Europe, which would enable her crew to gain valuable experience in the handling of the great vessel.

Battlemace serum used in the United States is largely imported from Brazil.

Motor Truck Licences

Saskatchewan Government in Making New Regulations Has No Desire To Hamper the Farmer

The Saskatchewan Government has decided to place the motor license branch under the jurisdiction of the Department of Highways, being of the opinion that the administration thereof logically belongs to the Highway Department. It has been hitherto under the Provincial Secretary, but the extension will be implemented at the next session of the Legislature.

The Minister of Highways announced that the Government has recommended the regulation of motor trucks licenses. He points out that by the reduction of the car license fee the revenue of the province will be reduced this year to the extent of approximately \$600,000. The change in the truck license fees was inaugurated with the purpose of sustaining revenue as well as to insure that trucks used for commercial purposes would pay their share for usage of the roads of the province. These new regulations were based on the Ontario regulations, being on a slightly lower level throughout than the fees charged in Ontario. The new fees are also lower than those charged in the province of Alberta, and many other provinces and states.

Out of 250 truck licenses already issued this year, 60 were registered at the same fee as formerly, and 20 registered for \$2.00 each, and 170 for 27 per cent. of the registrations previously paid. The average of the place and 10 per cent shows an increase of \$3.00 or less. It is also estimated that 50 per cent of the new trucks also can private cars and trucks by the \$5.00 reduction in license fees.

It is not the desire of the Saskatchewan Government to in any way hamper the farmer in the use of his motor vehicle, but to regulate it, in view of resolutions received and ascertaining that, however, the Government has investigated and ascertained that approximately 85 per cent. of the trucks are owned outside of the cities of the province, namely, 10 out of a total registration of 18,000. A large number of these are farm trucks, and in the hauling of grain in the fall, and in the spring, and in the hauling of one-half yearly license fee from October 1st, as formerly, to September 1st, as under the new regulations.

This would furnish a one-half yearly license for each of the 10,000 farmers. Upon further investigation, however, the Government has decided at the conclusion that this may not meet the situation, and it is anxious that nothing shall be done that may any way tend to hamper the producer. It would further appear that a number of trucks used in the cities contribute the provincial revenue, and as the city tax as well as the city tax, and do not proceed beyond the boundaries of the city or make any use of the provincial roads. It is felt that some relief should be given to the farmers in that regard and also with regard to the fact that the license is not self-replenishing is granted in any of the other provinces or the status of the Union, as far as the information at hand shows.

While they are anxious to secure as much revenue as possible for road building purposes, the Saskatchewan Government decided to pass a further order-in-council, the effect of which will be to give a one-half yearly license fee for all truck owners purchasing their licenses after the 1st of May. And further, that at the end of any resident of a town or city who has a truck in the province, and whose boundaries of the town or city during the course of the year, he will be entitled to a refund of the difference between the license charged under the new regulations in excess of the regulations formerly in effect, and that upon receipt of bona fide farmer taking a declaration to the effect that his truck is used exclusively for farm purposes, that such farmer will be entitled to a refund, and any excess charged under the new regulations over the previous regulations. The minister points out that that should a farmer use the truck for other than farm purposes, such as graveling work, he will in most cases, under the new regulations, pay very little if any more and should be treated under the commercial classification. It is the intention of the minister to collect data during the year on the purposes for which the trucks in the province are used, this data being incorporated in the application for the license and to seriously consider issuing a different motor vehicle license coming under the above classification, and to prevent any breaches of the regulations.

It is also ascertained that many trucks from outside the boundaries of the province have hitherto been engaged in work in the province, such as graveling, and that the license fee to the province. The minister is considering licensing all trucks coming into the province to do work in competition with the truck owners of the province. Out the regulations under the motor vehicles act with regard to keeping it in the right of the road, speed, etc., particularly with regard to gravel trucks, will be rigorously enforced this year.

New British Drilling. The new British airship, R-100 will not be flown to Canada until the spring. Whether the giant vessel will be kept in its hangar in the meantime is doubtful. The suggestion is being put forward that she should make a comprehensive tour of Europe, which would enable her crew to gain valuable experience in the handling of the great vessel.

Battlemace serum used in the United States is largely imported from Brazil.

Winter Fair In March

Attractive Prize List Arranged For Annual Event in Regina

Very little change will appear in the prize lists for the Regina Winter Fair, according to announcement made by the Winter Fair officials.

The Saskatchewan Winter Fair will be held on March 23 to 28, in the Regina Stadium and adjoining stations on the Exhibition grounds. An attractive prize list is being offered the exhibitors with over \$12,500 in cash prizes, several silver medals and trophies. In the heavy horse department there are classes for Clydesdales, Percherons and Belgians, with \$1,435, divided \$1,070 for pure bred, and \$365 for commercial horses, in each class. A class which is attracting much attention is the one for pure bred, and \$365 for commercial horses, in each class. A class which is attracting much attention is the one for pure bred, and \$365 for commercial horses, in each class. A class which is attracting much attention is the one for pure bred, and \$365 for commercial horses, in each class.

In the light horse department there are classes for standard bred, rockers, saddle horses and R.C.M.P. horses.

For beef cattle, classes are offered for purebred or grade steers and grade herds or Shorthorns. Herefords or Aberdeens-Angus breeding; \$450 is offered in each of the three classes. The Dominion Government offering for beef cattle is for herds of 15 animals and groups of five with \$1,800 in prizes.

In the boys' and girls' classes for calves of 18 months and 1920, the prizes amount to \$450.

Last year the poultry show was held by itself in January, but to meet the wishes of the majority of the poultry exhibitors, the show will be combined with the spring show this year. Classes include the principal varieties of utility poultry, turkeys, geese, ducks, pigeons and pet stock. Prizes in the poultry department amount to \$1,700. Entries close on March 15 for both livestock and poultry entries.

Beethoven was only 12 years old when he became organist in a church at Bonn, Germany.

Make Your Windows Pay

Invest in WINDOLITE Windows and you will be repaid a hundredfold in the health of your Poultry and Live Stock

WINDOLITE

THE ORIGINAL GLASS SUBSTITUTE
MADE IN ENGLAND SINCE 1917 ON ORIGINAL PATENTS

This unbreakable glass substitute is light and flexible, easy to cut and fit, will not crack or shatter under temperature, keeps out cold and wet, but allows the full sunlight to enter, including the health-giving Ultra-Violet Rays, which do not penetrate ordinary glass.

Canadian breeders of poultry and livestock are finding Windolite a most satisfactory and profitable investment. Young chickens and turkeys are entirely free from leg weakness and disease, and grow to full size in less time. Windolite comes in rolls any length, but 36 inches wide only.

Devotional Reading: Isaiah 33:3-10.

Explanations and Comments

A Paralytic Cured, 9:14-From the eastern side, the Sea of Galilee, where He had cured the demoniac, Jesus came. His disciples, sailed across to Capernaum, "His own city." Then came four men bearing a palsied man on his bed, which was possibly a mattress or merely a blanket. As Luke gives the account, they found the way to Jesus blocked, but they mounted the other staircase, the roof, and tore a hole in the roof large enough to allow them to let their burden down before the Master.

"Trust in nothing but in Providence and your own efforts; never separate the two." Had they not believed that Jesus could cure their friend, they would not have taken all this trouble to get him into Jesus' presence. Jesus saw their faith and said to the sick man, "Son, be of good cheer; thy sins are forgiven."

"This man blasphemeth," said some of the scribes to themselves. They accused Jesus of blasphemy, by claiming power to exercise the prerogative of God, in forgiving sin. Jesus read their thoughts and said, "Wherefore think ye evil in your hearts? For ye say, 'Why doest thou thus? Whatsoever he saith shall be done unto him.' Both were equally easy to say, but the result of the latter was easier for Jesus to prove. First He had the power to cure disease. He could not prove on the spot, but He had at once demonstrated. "But that you may know that the Son of man hath authority on earth to forgive sins," continued Jesus as He turned to the sick and said to him, "Arise and take up thy bed, and go to thy house." Thus He said, as Zebulon long ago said, the visible power a testimony to the invisible. And the man arose, and departed to his house.

"To the mind of both paralytic and critic, sin and physical ailment were one and the same effect. The power to remove the disease was by the critics regarded as God-given (John 3:2); but the power to forgive sin, the Divine prerogative alone. In reality the ailment of Christ was not a sin, but a disease, as the accepted connection between sin and disease was that of cause and effect, and physical ailment in the case of the paralytic. He who could heal a sin-cured disease, could heal the sin itself."—Carl D. Case.

"To me the palsied man walking a soul in right health—is the thing that all men should be prayed for; blessed that man's faith, receives from Heaven."—Carlyle.

To me the palsied man walking with an amazing sight, and the multitude were afraid, and they glorified God for giving such authority unto men.

The Long Talkers

If you think women talk too much you never heard the man who introduced the speaker of the evening.

Normally, temperature drops about one degree every 100 meters increase in altitude.

The city of Prague, in Czechoslovakia, has a pawn shop which lends money on automobiles.

Smallest War Memorial

Record Of Workmen In London Block Who Served In War

It is still a moot point as to where in London the smallest war memorial will be erected. The smallest war memorial, writes "Looker On" in the London Daily Chronicle. The smallest I have come across in a glass case on the front of a block of workmen's flats on Albert Embankment, near Vauxhall. It is a simple, home-made affair enshrining only about a score of names of men living in the block who served in the war, with a cross marked against those who fell. All these years—it was apparently started during the war—it has been carefully tended by the tenants; there are always one or two blooms in glass jam-jars in front of it. A humble but faithful tribute of remembrance.

"Snow Boots" in Paris

There is no word for galoshes in French, so Paris has adopted "snow-boots" as the correct term for over-shoes for winter sports. There is no other justification than winter sports for galoshes, to the French woman's mind. Only foreign women wear over-shoes or rubbers in Paris on wet days. French women stay at home or take a taxi when it rains. Failing that, they prefer getting their feet wet to covering them with water-proof.

DO YOU SUFFER FROM CONSTIPATION?

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs which remain in the system, settle in the joints and cause rheumatism and pains. Some are harsh purgatives which cramp and grip and leave a depressed after effect. Others lubricate the bowels which only leave the intestines and encourage nature's machinery to become lazy.

A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, lets it start to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pills.

DECLARES NEXT 50 YEARS BELONG TO THIS DOMINION

Washington, D.C.—"I think the next 50 years belong to Canada," said Sir Esmé Howard.

The British ambassador, soon to retire, returned from his farewell visit to the Dominion obviously refreshed and invigorated and full of admiration.

"It was delightful to visit your country again and renew old acquaintanceship," he said.

Discussing the economic future of Canada, Sir Esmé remarked that unlike less fortunate countries the Dominion's eggs were not all in one basket. He foresees the industrialization of the country with the development of hydro electric power sources, "in which we are far ahead of any other land. There would be an advance in industry with the use of vast and varied resources and proportionate and necessary increase in agricultural production.

Expressing a particular interest in the opening up of Hudson Bay, Sir Esmé said he wished he had been able to visit that part of the country as well as the Cobalt district.

With obvious pride the ambassador then spoke of the Dominion's nationalhood, and said he had noted with a thrill of interest the national spirit of the Canadians which, inherently British, ever grew and strengthened. He observed also that the Canadian outlook reflected in the press where prominence was given to world and imperial affairs.

Opening of the Saskatchewan Legislature

Customary Ceremony Marked Session Held On February Sixth

Regina.—With customary ceremony the Saskatchewan Legislature went into session at 3 p.m. on Monday, the first time since the province was formed in 1905, the government side of the House was occupied by other than Liberals. Entrance of Premier J. T. M. Anderson was the signal for a display of enthusiasm.

G. G. Gardiner, Liberal leader and former Premier, was also accorded a rousing reception. The galleries were packed long before the opening hour. Proposed legislation by the Anderson government was outlined in the speech from the throne read by Lieutenant-Governor H. W. Newlands. The speech made reference to the natural resources, expressing confidence in the near future "our province will be called upon to administer these resources in the best interests of our people."

Old Age Pensions

24,450 Persons Now Receiving Government Pensions In Canada
Ottawa.—There were 24,450 persons in Canada receiving old age pensions on December 31, 1929. The department of labor figures issued recently.

It was pointed out that these pensioners do not include aged persons from the provinces of Quebec, Nova Scotia, New Brunswick and Prince Edward Island, which have not yet adopted the old age pension scheme.

Ontario leads in number of pensioners with 19,300; Manitoba is next with 4,801; British Columbia 4,467; Saskatchewan, 4,335 and Alberta, 1,517.

Elected By Acclamation

Hon. T. A. Crear Will Represent Brandon In House Of Commons

Brandon, Man.—Hon. T. A. Crear, Minister of Railways and Canals in the Federal Cabinet, has been elected by acclamation as member for Brandon in the House of Commons.

Mr. Crear, formerly president of the United Grain Growers, Limited, succeeds Hon. Robert Burke as member for Brandon.

Mr. Burke retired from the House and was appointed to the Senate.

Recommended For Parole

Washington, D.C.—Dr. Frederick A. Cook, Arctic explorer, serving a 15-year sentence for Carl B. Borden, a 15-year sentence has been recommended for parole by the federal parole board.

Have Given Up Search

Moscow.—The Arctic commission of the Soviet Government has abandoned all further search for Carl B. Borden and his companion, Earl Borden, in the belief that the two men perished in Siberia.

W. N. W. 1924

Attempted Assassination

New President of Mexico Is Wounded In The Jaw

Mexico City.—Pascual Ortiz Rubio, new president of Mexico, was wounded in the jaw by a would-be assassin who fired on him a few hours after he had been sworn in as chief executive.

It was announced at the hospital that the president's condition was not serious. The bullet was removed.

Six shots were fired. Two other members of the president's party were struck, the president's wife being grazed by a bullet and his little niece, Opelia Ortiz, sustained a slight wound. A bystander was also hit.

The assassin was arrested.

Broken glass from the automobile windshield showed the rest of the party which included a chauffeur, the president's secretary and the president's sister-in-law, Senora Ortega, whose daughter was hurt.

Mexico City police pointed upon the shooter and took him into the national palace. The prisoner gave his name as Miguel Flores, aged 22. He acknowledged that he was an adherent of Jose Vasconcelos, candidate of the anti-revolutionist party who is being opposed by Ortiz Rubio for the presidency.

Proposed Branch Lines

C.P.R. Will Have Five Branches Before Parliament At Next Session

Ottawa.—The Canadian Pacific Railway will have five bills for branch lines introduced into the House of Commons before Parliament meets at next session. The bills provide for the construction of approximately 160 miles of lines distributed among three provinces—Alberta, Saskatchewan, and Quebec. These are as follows:

From a point on the Taber subdivision of the C.P.R., to the town of Alberta, southwest for approximately ten miles.

From Dunsin, Saskatchewan, on the Swift Current branch of the C.P.R., southwest for a distance of about 50 miles.

From Dunsin, Saskatchewan, on the Phoenix Hills branch easterly for a distance of some 30 miles.

From a point in townships 46 or 47 east of Glenora, Sask., in an easterly direction to Shellbrook.

The fifth line is a short one in the parish of Le Perrot, Val-de-la-Paix, Quebec.

The bills will ask for authority to issue securities in respect to these lines for an amount not exceeding \$50,000 a mile.

Manitoba Telephones

Government May Spend About \$18 Million Dollars On System Expansion

Winnipeg.—Plans for capital expenditure of about six million dollars in providing a 10-storey office building and a great system expansion during the next three years by the Manitoba Telephone System were contained in the annual report of the system's management.

Proposed extensions include installation of new service lines in the districts of northern Manitoba, where already a great part of the work has been completed.

An accumulated deficit of over \$884,000 in 1921 had been entirely wiped out, according to the report, and in its place there was a surplus of \$155,225. Total revenue for 1929 was \$2,810,704.90 and net earnings \$251,199.56.

Will Move Reply

Member For West Lambton To Move Reply To Speech From Throne At Ottawa

Ottawa.—It was announced from the office of the prime minister that the motion for an address in reply to the speech from the Throne, at the opening of the Dominion Parliament, will be moved by H. W. Gray, Liberal member for West Lambton. The speaker will be Vincent Dugas, Liberal member for Laprairie-Napier.

Both the mover and seconder are comparatively new members of the House of Commons. Mr. Gray, who succeeded W. T. Goodison, as representative for West Lambton, sat in the House last session. Mr. Dugas is the successor to the late Brock Macdonald, and will take his seat for the first time at the coming session.

Radio Broadcasting Bill

Ottawa, Ont.—The bill on radio broadcasting which will be presented to the House of Commons, will embody the recommendations of the royal commission on broadcasting. Hon. P. J. C. Carlin, Minister of Marine and Fisheries, whose department has supervision over broadcasting, confirmed this recently.

Receives Air Speed Trophy

Great Britain Becomes First Possessor Of This Award

Washington, D.C.—A total of 435,163 pounds of postal matter was flown over the various air mail routes operated during 1929, according to figures compiled by the post office department. These figures, it is pointed out, may be amended in an upward direction when more complete information is available here.

From Sioux Lookout to Narrow Lake, in Northern Ontario, and return, the amount of mail carried was greater than that transported over any other single route. The postage over this route was \$3,404. The Montreal-Toronto route, operated for only seven months of the year, came second with 63,672 pounds. On the trip made from Edmonton to Alkavik, with stops at many intermediate points, the weight of mail carried was 16,770 pounds.

Figures show that the air mail is unquestionably one of the ways which where far greater weights are carried than over the well established daily services in districts where the gain in time is not so significant.

WILL ADVOCATE REDUCTION OF MILITARY FORCES

London, England.—An international disarmament conference dealing with land as well as sea forces after the five-power conference has been completed, was predicted by Premier MacDonald.

The Prime Minister, replying to a question as to whether he would consider calling a conference of the great powers with a view to a reduction of military forces, pointed out that the disarmament program, including land forces, had been under careful consideration by the League of Nations for some time.

"I hope that at the conclusion of the five-power conference a further meeting of the preparatory commission on disarmament will be held which will enable the next assembly of the league to arrange for summoning an international disarmament conference," he said.

Abolition of submarines will be favored by Great Britain at a public plenary session of the naval disarmament conference which will be held next week.

The highest authority stated that Great Britain, the United States, and Japan expected to reach a tentative agreement within a few days for reduction of capital or battleships contained in these countries' navies.

This source stated the U.S. had submitted definite proposals to Great Britain and Japan. While the details were withheld it was understood the proposed reductions would show the 5-5-3 battleship ratio established at the Washington conference. It was said, however, that the proposed promise from the three nations would be only tentative, the United States being the most reluctant.

The general problem of battleships is being negotiated now between the delegations of the three countries. The general attitude of the three delegations is said to be that there are prospects of reaching an agreement, although thus far there is no agreement between any two.

The British capital ship total now stands at 20. The United States has 18 of the big ships and the Japanese ten. These limits were set by the Washington conference. Members of the French delegation expressed their approval of the proposed agreement and said they would be in accord with any such development.

Resigns As Liberal Leader

Edmonton.—As forecast by press rumors, Captain Joseph T. Shaw, provincial Liberal leader and provincial Liberal member for Bow Valley, on Wednesday afternoon in the legislative assembly, resigned his position as leader of the provincial party. He will, however, continue as House leader of the party until the end of the present legislative session.

Commissioner's Body Cremated In England

Private Ceremony Attended By Hon. J. L. Halston

London, England.—The body of Hon. J. L. Halston, Canada's high commissioner in London, who died suddenly on Feb. 4, was cremated privately at Golders Green.

Col. the Hon. J. L. Halston, Canadian Minister of National Defence, was one of the small group attending. Eight years almost to the day from the date of Mr. Larkin's entrance to the high commissioner's office a memorial service was held at Christ Church, Lancaster Gate, adjoining the Larkin residence. The Bishop of Kensington conducted the service.

When Canada House was opened by His Majesty a few years ago, a new register for visitors was installed. The first entry reads: "Peter Larkin, Toronto, and in the column where the visitors record the probable length of their stay in London appears the word 'indefinite' in Mr. Larkin's hand writing."

Want Embargo Lifted

British Anxious To Export Potatoes To Canada

London, England.—Potato growers in the British Isles, particularly in Ireland, are suffering from a market glut, while the price of potatoes is high in Canada, a deputation of members of parliament emphasized when they interviewed Rt. Hon. Noel Duxbury, Minister of Agriculture. They asked the government to endeavor to induce the Canadian Government to lift the embargo against import of British potatoes to Canada.

CHAMPION CHATTER

Vol. 1

Thursday, February 13, 1930

No. 81

Published in the interests of the People of Champion and Farmers of this vicinity.
GEO. L. DEPUÉ, Editor.

The most popular ballad in Scotland is: "It can't give you anything but love."

Mrs. Geo. Morris is now the proud possessor of one of those easy running Mc-Drig. Cream Separators.

Ancestors are the originators of family trees, some of which need sprucing.

Have you seen the new Mc-Drig. Press Drill? If not, better come in soon and look over the line. We can fit you out with a tool that is built for a specific purpose.

Mr. Penn Motor Oil "Will the Best."

After explaining that a bipped was anything that goes on two feet, the teacher asked Johnnie if he could name one. "Yes'm," returns.

"Good Equipment Makes a Good Farmer Better."

ed Johnnie. "A pair of stockings."

He—May I hold your hand?—
She—Not on your Life Booby.

He—Then I'm out of Luck?
She—Yes, Ivory formed.

Mc-Drig. Field Cultivators are built in four sizes, 6, 7, 9 and 12 ft. widths. A style and size of shovel equipment to suit every condition.

Barber Bill: "Haven't I shaved you before, Sir?"

Customer: "No—I got those scars in France."

If you are thinking about buying a new plow, or if your present plow is not satisfactory by all means come in and see our Mc-Drig.

No. 8. Little Gearing Tractor Plow. It will be time well spent because you'll get acquainted with the best plow that money can buy.

Little Willie: "That ain't no rhinoceros, that's a hippopotamus. Can't you see it ain't got no radiator cap?"

China's richest man visited this continent recently where his money enabled him to keep pace with the average citizen.

Any time your tractor needs servicing, bring it in to our tractor service department, or phone us for emergency service. Our rates are low and our mechanics and equipment are of the best. We guarantee to do first-class, dependable work.

Once a week put a heaping teaspoonful of lake soda in the wash water for the cream separator because the soda will disinfect all parts and keep them sweet.

One of a week put a heaping teaspoonful of lake soda in the wash water for the cream separator because the soda will disinfect all parts and keep them sweet.

Local and General

Rev. and Mrs. Hunt motored to Calgary during the week.

H. French, of Hussar, visited in town over the week end.

Don't forget the Valentine dances in the community hall on Friday night.

Mrs. Brown McDonald arrived home from Vancouver on Friday, Feb. 7.

M. J. Brett returned on Friday from Calgary, where he had been on a business trip.

Miss Hopkins of the Holy Cross hospital, Calgary, spent the week end at home.

Mrs. M. A. Theriault spent a few days here last week, leaving for Washington on Friday.

A dazing fighter, a daring rider, a dashing lover—Tim McCoy in "The Desert Rider."—This Sat. Nite.

The Young People's Society the C.G.L.F. girls enjoyed a pleasant evening at the home of Mrs. Irl Ditte on Wednesday.

Mr. and Mrs. J. Archibald are on their way home from the coast, visiting Mr. and Mrs. Dan Taylor at Spokane while en route.

Robt. Tyler was unanimously elected councillor for the ensuing year at the annual meeting held recently. Although the attendance was small those present were enthusiastic.

Curling and skating are again the big attraction for old and young this week, flooding having overcome the difficulties raised by the big sand storm and chinook weather.

A. Ash was taken to the Holy Cross hospital, Calgary, and operated on for appendicitis early in the week. It is understood he is making satisfactory progress.

There are 272 plants in Canada engaged in the canning, drying, evaporating and preserving of fruits and vegetables representing a capital of about \$34,000,000.

It is hoped to make the local bonspiel which starts on Monday the biggest event in this line ever held here. Don't fail to get your entry in at the earliest possible moment. Remember the carnival, too, on Friday night. Refreshments will be served in the rink during the week.

We seldom repent of talking too little, but very often of talking too much.

K. R. McLean, R.O. of McLean & Anderson, Sight Specialist 208-8th Ave West, Calgary will make his monthly visit to Champion Friday, February 28, at the Drug Store.

Sparkling with beauty, sizzling with action, smashing in romance—"The Desert Rider." This Sat. Nite.

Extracts From Wheat Pool Statement

(Continued from inside page).

past, solely upon the intrinsic value of our stocks of wheat. However, in addition to our usual security for loans, there is now the assurance of the provincial government that the chartered banks of Canada need lose no sleep over our 15 per cent excess collateral security.

The world wheat situation is such that we are fully satisfied that our marketing policy is sound and we have every confidence that when the present abnormal conditions are cleared away our actions will result in greatly increased prosperity for western Canada.

Throughout the whole of this difficult marketing situation which the Pool sales department has had to face the most remarkable feature is undoubtedly the splendid attitude adopted by Pool members throughout the prairies.

We are confident that at an early date there will be an actual demand for Canadian wheat, and as soon as this demand will carry with it prices which will pay our farmers a reasonable return, your wheat will be successfully sold, and the purchasing power of Western Canada will be greatly enhanced.

Superior Drills

SUPERIOR DRILLS, are so called on account of the many exclusive features built into each machine.

No. 1—Keystone Hopper with 50 per cent greater capacity, pressed steel hopper ends and lids.

No. 2—Double run internal force feed, the most accurate grain distributor ever devised. Sows an exact quantity of grain for each acre sown, no skipping, no missing, and no clogging.

No. 3—Quantity of grain sown per acre can be regulated instantly without lifting the furrow openers from the ground.

No. 4—Standard equipment furrow openers in single disc, double disc and shoe. Disc furrow openers mounted on adjustable bearings.

No. 5—Main frame composed of high carbon angle steel, with double flanged corners, double trussed to prevent sagging.

No. 6—Positive power lift for horse or tractor use.

We have a 20 run Superior Drill, never used, at a reduced price. Call and see it.

A. W. Jopling, Agent.
